EVER OFFERED FOR SALE BE. FORE.—Two or thee hundred BUILDING LOTS are to be disposed of by the Subscriber, in that part of the Town of Jersey commonly called Harsimus, adjoining Paulus Hook, and divided from Hoboken by Harsimus Creek. These Lots ly on the North or Hudsons river directly opposite the City of New-York. This property has the advantage of an established Ferry on the premises, and is structed between the two Ferries of Paulus Hook and Hoboken, on a viry handsome clevation, requiring no levelling or filling up. These lots are laid out in blocks of thirty two lots each, each lot containing twenty-five feet, by one hundred, in conformity to a map filed in the clerk's office in the county of Bergen, state of New-Jersey. As the main road between the Eastern and bouthern States passes through this property, and as the healthiness and pleasantness of the stuation is not exceeded by any in the United States, it is presumed that it is seriously entitled to the attention of all perfons who include to possess property in the vicinity of New-York. JEVER OFFERED FOR SALE BE.

Hopes are entertained that Nature never intended the waters of the Hudfon should empty all their wealth on the shores of New York alone, but that the western banks of the river have fair pretensions to participate. Under such an impression, necasures have been taken to erect wharves and docks, which are in a state of great progress, and will be suitable for the accommodation of vessels of any burthen. Some few houses are sirecally built, and many more are prepared, which will be put up as soon as the ground will allow the soundation to be laid.

The legislature of New-J-rsey have exempted the island of Harfmus, which includes Paulus Hook, from duties on sales at auction for 14 years.

It should be noted, that from the north point of Paulus Hook to the high land of Hoboken, a cetter harbor is formed than can be found on the New York side of the Hudson. Vessels are not only sheltered from the north weit and north winds, but can proceed to sea with more facility than from any part of the N. York shore.

Lumber merchants, flip and boat builders, rope makers, as also every mechanic brunch, will meet with particular encouragement, and find these lots deserv-

Lee's Infallible Ague-Drope.

Recent Cures.—A child of Mr. Wm. Lozier, grocer, corner of Hudson and Jay-treets, was sick about five or fix weeks with ague and sever, and in so violent a degree, as for the hot paroxylm to terminate frequently in most alarming convultion fits. A variety of medicines recommended by sympachising neighbors were administered, without allevlating the discase; at angth hearing of the uniform efficacy of Lee's Ague Drops, a bottle was procured, of which three doses only were found necessary to perfect a cure. Five weeks have elapsed without any return of the complaint.

Mr. James Joyce, albitant in the warehouse of Mr. Pearlall, Pearl-street, was severely afflicted with an intermittent; but after taking Lee's Ague Drops, was cured in two days. At the recommendation of Mr. Joyce, a friend, Mr. Terence Tole, who had suffered much from an obstinate intermittent upwards of a year (with sew and trifling intervals) was cured by a few doses of the same medicine. At the recommendation of Mr. Joyce, a bottle was procured by Mr. R. Skooley, who was likewise harassed with an obstinate intermittent. A small portion completely removed every symptom of the complaint, (which may surprise those who regard the bark as the only specific.) Four persons of Mr. Skooley's acquaintance were, by the remaining part of this medicine: but if the affertion of the proprietor, and the fact of an annual demand for several thousand bottles have any weight, the public will be lieve that this preparation has never failed effecting a cure, and may withour effrontery be termed instabilities.
